Christmas Seal Campaign Mail Returns To Fairfax

The Christmas Seal Campaign in Virginia was computerized three years ago in an effort by the Virginia Lung Association (VLA); to reduce fund raising costs.

This year, in a further effort to lower the cost of the Campaign, the VLA is requesting that Christmas Seal mail be sent to the computer center at Fairfax for handling. However, money sent from the VLA, Central Region will be used in that area for programs aimed at the prevention and control of lung diseases. The Central Region includes the City of Lynchburg and the following counties: Amelia, Amherst, Appomattox, Buckingham, Campbell, Charlotte, Cumberland, Lunenburg, Nottoway, Powhatan and Prince Edward, and was formerly the Central Virginia Tuberculosis and Respiratory Disease Association. The New name, "Virginia Lung Association, Central Region" was adopted in 1973. In hopes to bring into sharper focus the broader areas of diseases and environmental threats to healthy lungs which have been its main concern for many years. It is also expected to be easier for the public to recognize and remember when information is required. Mrs. Emma G. Anthony is the VLA regional program director with offices located in Farmville. Mrs. Anthony carries out the VLA Program of Work in the area, which also includes projects on anti-smoking, air conservation, rehabilitation, medical education on lung diseases, and youth activities.

For further information, call 392-1136, or come by the VLA headquarters at 107 N. Main Street, Farmville, Va.
